MODULE 01

Building the chart

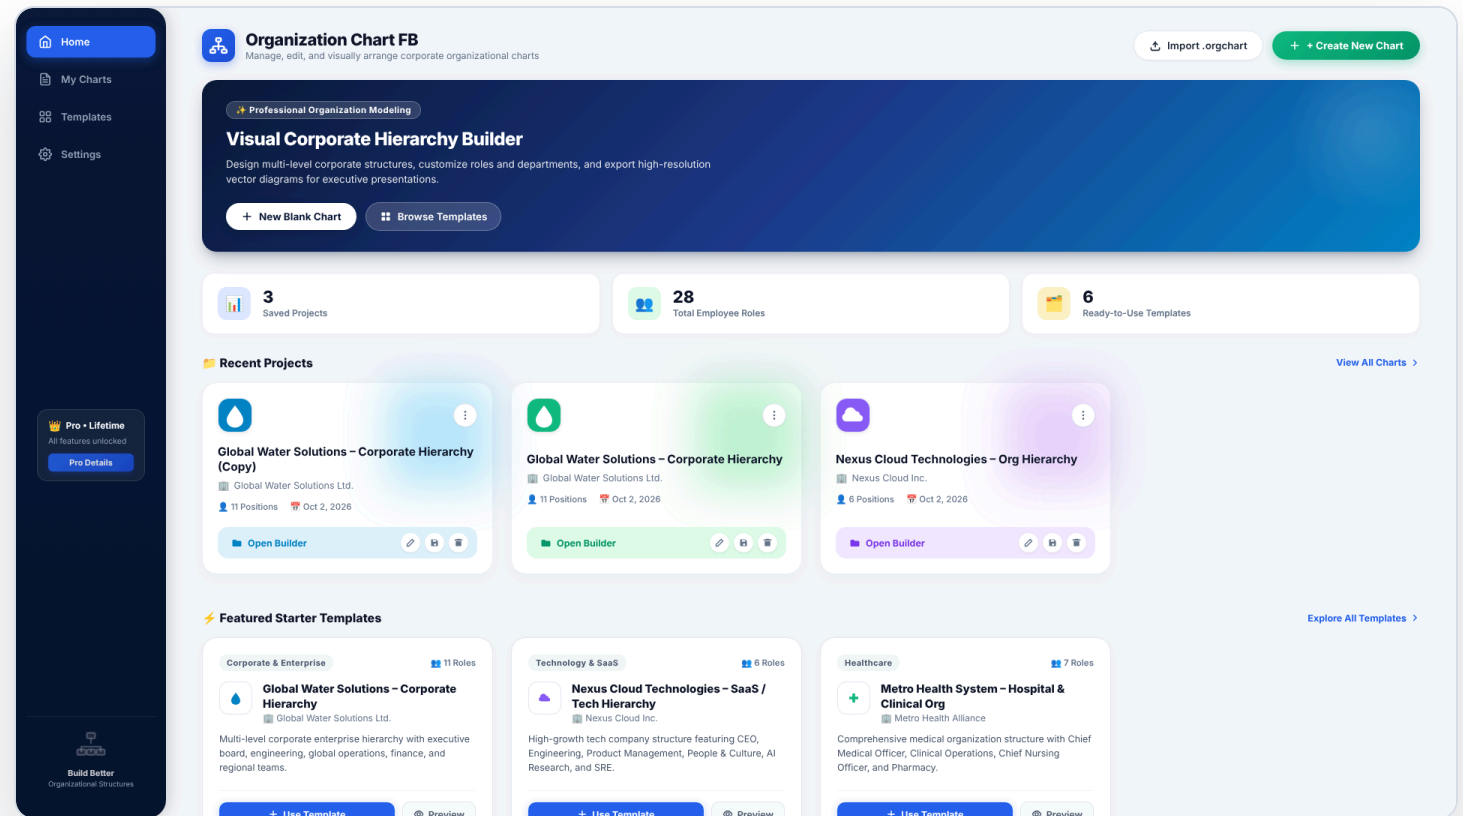

Dashboard, adding people and moving them around.

01

MODULE 1

The dashboard

- **+ Create New Chart** or a template
- **Open Builder** on any project
- **Import .orgchart** files from colleagues
- Rename, export or delete from the card

MODULE 1

Add a person

- 1 Click the manager's card
- 2 **+ Add Direct Report**
- 3 Type name and job title
- 4 **Save Changes**

The screenshot shows a modal window titled "Edit Position Details" overlaid on a blurred background of an organization chart. The form contains the following fields and options:

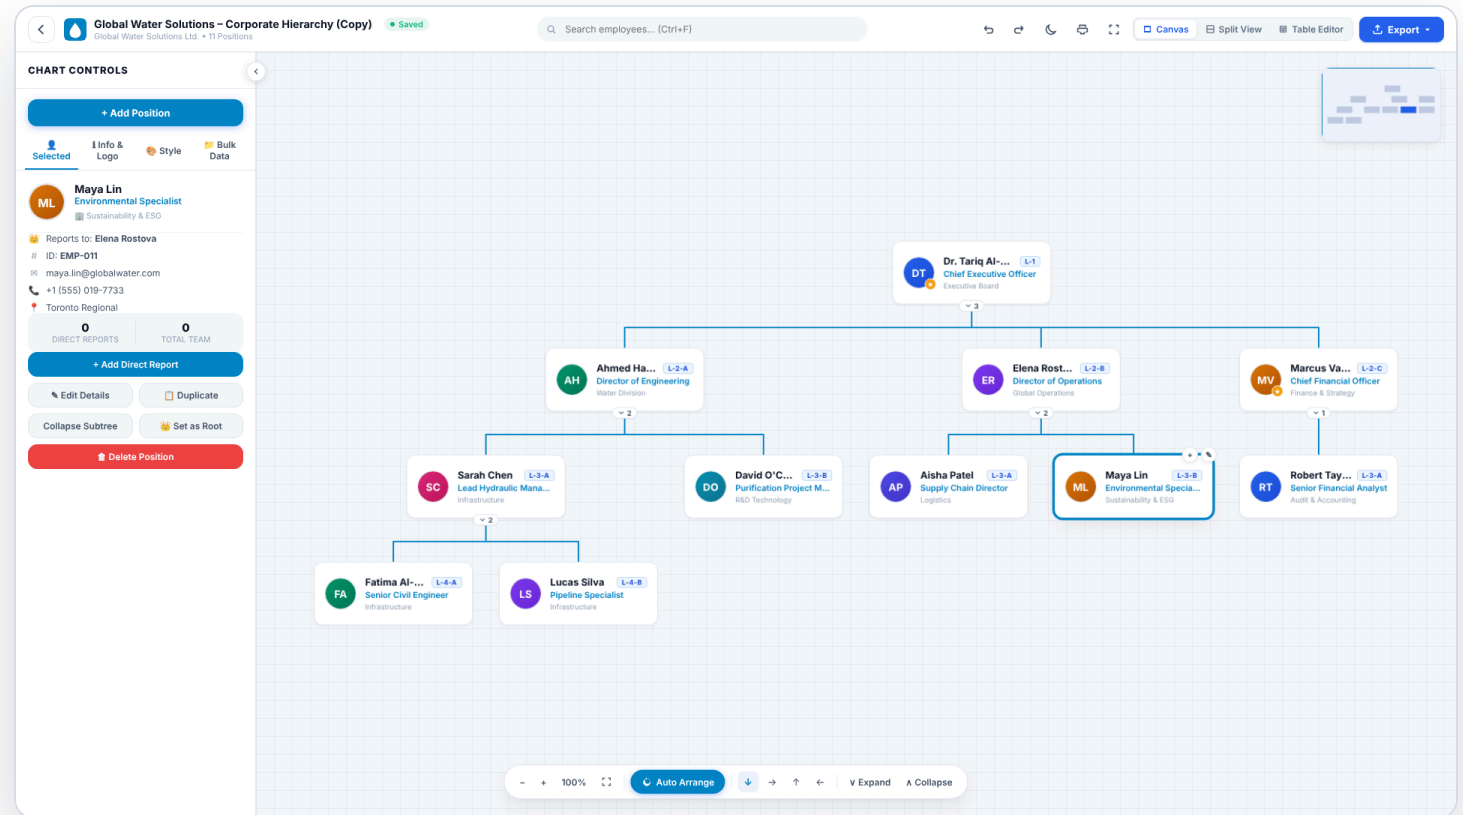

- Full Name ***: Input field with "New Team Member" entered.
- Employee ID**: Input field with "EMP-012" entered.
- Job Title ***: Input field with "Position Title" entered.
- Department**: Input field with "Sustainability & ESG" entered.
- Reports To (Manager)**: Dropdown menu with "Maya Lin (Environmental Specialist)" selected.
- Role Level**: Input field with "Staff Member" entered.
- Email Address**: Input field with "name@company.com" entered.
- Phone Number**: Input field with "+1 (555) 000-0000" entered.
- Location / Office**: Input field with "Toronto Regional" entered.
- Avatar Photo**: A button labeled "Choose File" and the text "No file chosen".
- Biography / Notes**: A text area with the placeholder "Responsibilities, skills, notes..." and a small edit icon.

At the bottom of the modal are two buttons: "Cancel" and "Save Changes".

In the bottom right corner of the application window, there is a dark notification bar that says "✓ New position added".

Change reporting lines

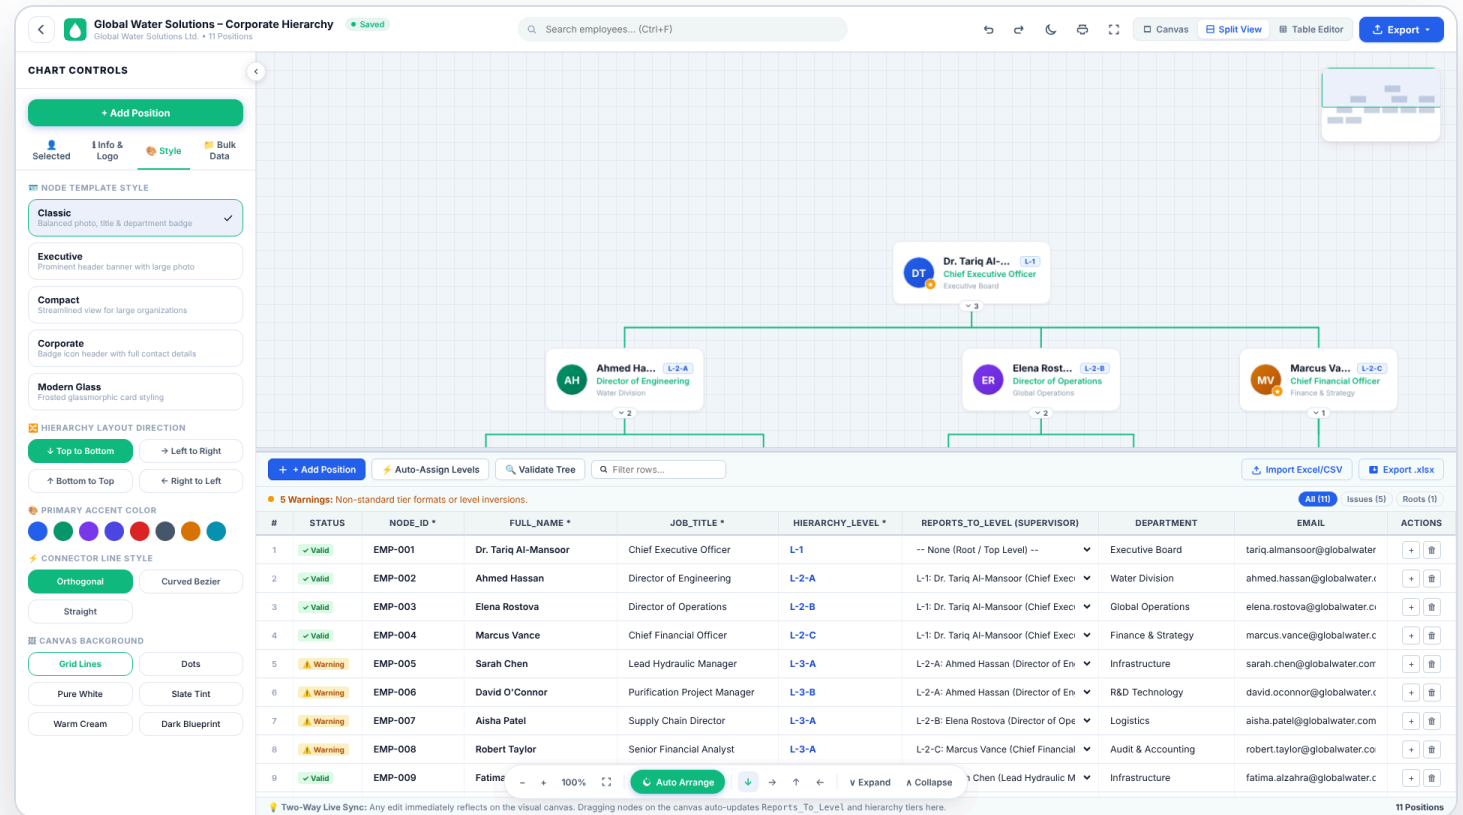

- Drag a card onto the new manager
- The chart arranges itself
